Games to Play

Choose from the ever popular Roulette and Blackjack (or have both) and supplement with the Wheel of Fortune, Chuck-a-luck or Higher-Lower.

Roulette is extremely simple and fun to play, Blackjack is quick to learn and is very similar to 21's or Pontoon that most people know. Our expert dealers will happily talk you through how to play all the games and we always provide simple, explanatory leaflets for your guests to read.

We base fun casino on 2 hours play although this can be extended if required. If you are looking for other activities to enhance your evening then you may wish to play 1 or 2 games of LAZERZONE our advanced laser tag system or add a few giant games such as Connect4, Jenga, Twister etc or even a race meeting.

Music

Choose a background genre for your evening or put together your own playlist from our vast collection.

If you prefer full disco and DJ we can help organise someone suitable.

Legalities

Even though gambling is not involved playing fun casino is regulated by the Lotteries and Amusement Act. There are strict rules about prizes and about any profits from your event going to a non commercial operation. Also, it is a requirement that fun casino is an incidental entertainment activity and not the prime focus of the evening.

We are happy to guide you with our understanding of the law.

Charity Fundraisers

Fun casino is a great fund raiser and for this style of evening we can advise on how to make money for your good cause whilst staying on the right side of the law.

We can advise on getting sponsorship, selling tickets and how to run the night to ensure your guests have a great time whilst parting with their money!
